PROFESSIONAL SUMMARY

PGDM-Finance candidate (CGPA 9.58) with hands-on experience in financial modelling and valuation: an integrated three-statement model with a debt schedule, a DCF and relative valuation model with scenario and sensitivity analysis, fund performance analysis, and investor reports and pitch decks. Seeking roles in financial modelling, valuation and portfolio analysis.

EDUCATION

PGDM - Finance Management, Fortune Institute of International Business (FIIB)
CGPA: 9.58 — **2025 - 2027**

Bachelor of Commerce (Hons.), University of Delhi
CGPA: 7.50 — **2021 - 2024**

INTERNSHIP & WORK EXPERIENCE

Finance Intern, Ummeed Housing Finance — **Apr - Jun 2026**
Gurugram, India

- Mapped as-is and to-be workflows for Accounts Payable, Procurement and Internal Audit, identifying a 12–18 day approval-routing bottleneck and audit-trail gaps against RBI IT governance directions; demonstrated a risk-based audit sampling prototype to the CFO.
- Built a cost-benefit model for automating Accounts Payable and Procurement (~550 invoices/month): Rs.19.5 lakh Year-1 investment against Rs.95.2 lakh annual benefit, a 3.4-month payback and 4.8x benefit-cost ratio across 3 scenarios.
- Enabled a data-backed Rs.3 crore treasury vendor decision by benchmarking quotes from 2 vendors across a 6-category, 25+ parameter comparison framework.
- Reconciled 30–40 client transactions on the NESL platform, uncovering inaccurate balance data reported by a client and improving credit-decisioning data accuracy.

Social Work Intern, Habitat India — **Jan 2026**
New Delhi, India

- Built an Excel benchmarking model comparing circular-economy and emissions practices of 5 leading tech companies against industry standards, flagging potential greenwashing risks in their disclosures.

KEY PROJECTS

Titan Company - Equity Valuation Model (DCF, Comparable Companies, DDM)

- Built a 16-sheet model with a 3-scenario switch, CAPM beta regressed on ~3,700 daily prices, WACC of 10.51%, 2-stage FCFF DCF, DDM and peer multiples (P/E, EV/EBITDA, EV/Sales, P/BV); added a 5x5 WACC vs terminal-growth sensitivity grid and a HOLD valuation memo.

Integrated Three-Statement Financial Model (Excel Modelling Test)

- Built a fully linked 5-year IS, BS and CFS model with a debt schedule, conditional interest step-up (6% to 7% if interest coverage falls below 6x), convertible bond conversion and subsidiary acquisition/divestment; balance sheet balances in every year; computed DSCR, ROCE, ROE and an FCFF valuation.

Nutri-Box - Seed Funding Investment Report & Investor Pitch (Private Equity & Venture Capital)

- Prepared a seed-stage investment report and pitch deck for a Rs.1.75 crore raise (6-member team): valued the company at Rs.12.83 crore pre-money using a forward revenue multiple and projected ~17.3x MOIC and ~77% IRR on a 5-year exit, with 3-scenario returns and unit-economics analysis (LTV:CAC ~13.9:1).

Mutual Fund Performance Analysis - Multi Cap Funds

- Compared 3 multi-cap funds against the NIFTY500 Multicap TRI over 1,204 daily observations, computing annualised return and risk, beta, Sharpe, Treynor and Jensen's alpha; identified the top performer (+6.46% alpha, Sharpe 0.74).

KEY ACHIEVEMENTS

- Secured a Top 20 global finish at the Global Scaling Challenge by leading the team to a Top 3 position in the Asia-Oceania regional round.
- Led Satyawati College's first-ever online management fest, ranked among the Top 10 UG festivals at the Unstop UG Awards 2024.

POSITIONS OF RESPONSIBILITY

Mentee, Corporate Mentorship Program — **Oct 2025 - Feb 2026**

- Evaluated IPO subscription trends, pricing and post-listing performance under a corporate mentor; authored an IPO evaluation playbook and a 37-slide investor deck on SBI Funds Management.

Student Ambassador, Centre of Behavioral Insights — **Aug 2025 – Feb 2026**

- Managed the development and selection of case studies, aligning competitions with curriculum learning outcomes.

Student Council, SPAC — **Aug 2025 – Present**
